

ADMISSION TO BIOCHEMISTRY MAJOR

BIOCHEMISTRY PROGRAM STATE UNIVERSITY OF NEW YORK AT BINGHAMTON

While there are no specific requirements for admission to the Biochemistry major, we have found it important that students receive advising on the major at the earliest possible moment. To facilitate this, we now require all students who wish to declare a Biochemistry major to first talk with and receive approval from a Biochemistry Advisor. Please schedule a meeting with a Biochemistry advisor, and complete this form to give to the advisor. At present the advisor is:

Dr. Susan L. Bane, Program Director
Science II, room 320
sbane@binghamton.edu
Phone: 777-2927

Name: _____

Address: _____

City: _____ State: _____ Zip: _____

B#: _____ Phone: _____

Email: _____
